

# **XWULQW'SELU WATERSHED PLAN**

## **COLLABORATIVE COMMUNITY ADVISORY TABLE**

Established by the Government-to-Government Table (Cowichan Tribes and the Province of BC) the purpose of the Collaborative Community Advisory Table (CCAT) is to provide input and advice to the development of a Xwulqw'selu (Koksilah) Watershed Plan. A multi-party group comprised of diverse watershed interests and sectors, the CCAT helps to identify and evaluate options for land/water management, policy, and legal measures. Alongside the CCAT, there are multiple other ways to be involved in the Planning Process.
